

DB9 Female Low-profile Gender Changer

Model BB-9SGF

ADVANTECH

www.advantech.com

KEY FEATURES

- + Convert a device's DB9 male port to a DB9 female port
- + Features two DB9 female connectors
- + Gold-plated contacts for high reliability
- + Convenient, inexpensive in-the-field adaption tool
- + Extend cabling run by connecting two DB9 cables
- + Slim 1.9 cm thickness easily fits in tight spaces

The versatile Model BB-9SGF gender reverser quickly and easily changes a port gender or joins two cables together. Save the cost of buying a new cable by changing the port gender and using a cable you already have. Quickly join two like cables together to extend a cable run.

The gender changer is molded and fully shielded, preventing EMI/RFI interference from office equipment.

Small, low-profile size saves space in installations – and in your toolbox. Keep a few on hand for field service calls.
